EDITOR'S NOTE

Dear readers,
Dear authors and friends,

This is the anniversary 20-th issue of the scientific journal “KSI Transactions on Knowledge Society”. In its five years of existing, it aims to provide to scientists from the world quality articles devoted to the society and based knowledge economy. Since its creation, the magazine is published four times a year. The Editorial Board believes in the following policy: to offer its readers only high quality scientific articles on the actual problems. To ensure this, from the very first edition all scientific papers are put under independent review from two persons with academic rank. They select most valued scientific papers. So far in the magazine have been published 280 scientific papers and 4 scientific studies from scientists from more than 15 countries from all around the world.

At the same time the magazine gives a platform for the annual conference International Science Conference Knowledge Society, which traditionally takes place in Bulgaria, during summer. The best scientific articles, presented at the conference, after reviewing from two persons with academic rank, are published in the magazine.

The magazine is delivered in the university libraries in around the world in order to expand its readers. All articles from the published issues of the magazine are available for free in full content for everyone interested scientist from the web-site of the magazine – www.tksi.org

Editorial Board expects proposals from its readers, authors and reviewers in order to improve magazine.

In the present issue are presented articles on the topic, related to the effective management of European Union programmes and funds, as well as human factor in the process of management of organizations. In this issue is published and research dedicated to the franchising.

Kind regards of all our readers!
