EDITOR'S NOTE

Dear readers,

Dear authors and friends,

The aim of the Editorial Board is to meet the requirements of our readers for high quality scientific papers with every issue of the magazine. This is the reason that all research articles published in a KSI Transaction on Knowledge Society are full peer review.

This issue of the KSI Transaction on Knowledge Society that you are holding in your hands contains 10 papers, passed through the entire evaluation process. They are dedicated to the actual and significant scientific problems in the following fields in traditional focus of the magazine: Human Capital Management, Business Management, International Relations and Geopolitics and Economics and Finance Management.

Editorial Board invites all readers, authors and friends to participate in the VII INTERNATIONAL SCIENCE CONFERENCE "KNOWLEDGE SOCIETY" and WORKSHOP "STRATEGIES FOR THE DEVELOPMENT OF HUMAN CAPITAL". They will take place in Varna, Bulgaria in September 8 - 12, 2014.

The invitation of the conference was published in the previous issue of the magazine, as well as on the website of the conference – www.iscks.org. Traditionally this event is a meeting of scientists from more than 10 countries in the abovementioned scientific fields. The best papers presented at the conference will be published in the next two issues of the magazine, after the review procedure.

Kind regards of all our readers!

International Editorial Board
